

Environmental Health Internships & Work Experience Opportunities

The U.S. Public Health Service (USPHS) Commissioned Corps

Offers an internship program called the JRCOSTEP (Junior Commissioned Officer Student Training and Extern Program). The Environmental Health Officer category of the USPHS would like to invite students who are majoring in environmental health to apply for a JRCOSTEP opportunity. Although there is no formal deadline, we encourage students **to submit their application by December 31st annually**, because applications will be reviewed starting in January for summer positions. Please refer to the attached document which will give more information about this program. Please note that other categories of the USPHS also accept JRCOSTEPs, such as engineering, nursing, and other areas of public health. Please visit our website at www.usphs.gov/student for information on opportunities for other majors besides environmental health.

For questions about this opportunity, please contact:
